## OIL PALM FARM AT INDERASABAH

Owner	: Mr Suhairi
Crop	: Oil palm
Area	: 24 acres
Fertilizer	: K-Neutralizer
Duration	: 1 year

### Remarks:

- The initial soil pH shows very acidic soil condition (3.77) which can slow down the nutrient absorption by the plant from the soil
- Application of K-Neutralizer helps to improve the soil fertility by reducing the soil acidity.
